

At last the COVID-19 trial begins – Reiss Institute

17-21 minutes

What follows is the opening statement of Dr Reiner Fuellmich, the German-American lawyer, on the first day of COVID-19 pandemic proceedings. Dr. Fuellmich's initial remarks encapsulate superbly the findings of the international commission he organized with a number of collaborators mainly from the world of science to study the nature and background of the pandemic controversy.

The findings of his commission are utterly devastating for the official narrative which is being enforced world-wide using the crudest methods of coercion and censorship that were mostly forgotten after the fall of the Soviet Union. These findings will now be officially presented at the *Grand Jury Proceeding before the Peoples' Court of Public Opinion. Numerous expert and other witnesses will be called to offer and discuss the evidence.*

Readers will note a curiosity. The trial will take place before a court which lacks the official standing of a government judicial institution. While superficially that might seem to undermine the court's credibility, in fact it underscores the lawlessness of the current situation. "Official" judicial systems attached to various governments simply refuse to deal with Covid-related lawsuits, as in Great Britain where attempts to file them have been systematically rebuffed. That effectively denies citizens the opportunity to argue their case before government courts and to compel those courts to at least render a judgment, however defective, but on the merit of the disputed issues.

Readers old enough to remember the war in Vietnam will recall the Russell Tribunal, which was also an informal body made up of distinguished world citizens and intellectuals that was set up to hear evidence of massive violations of international law that were being committed during that conflict. We now seem to have regressed to a similar dismal situation, where "official" courts simply refuse to do their job, declining under various pretexts to judicially review issues of great legal and public welfare significance, necessitating the creation of alternative mechanisms to perform the work that is properly theirs.

Putting these technical issues aside, we recommend Dr. Fuellmich's remarks to our intelligent and thoughtful readers who are exceptionally qualified to draw their own conclusions.

Good afternoon.

My name is Reiner Fuellmich and it is my pleasure to serve as one member of a group of distinguished international attorneys and lawyers who have been collaborating on this very important case for many months now.

This case involving the most heinous crimes against humanity committed under the guise of a "corona pandemic" on a global scale looks complicated only at first glance. But when you put together all those pieces – all those little pieces of the puzzle, as we will do this for you with the help of many renowned experts and other witnesses during this proceeding – you will see four sets of facts.

One, there is no corona pandemic but only a PCR test plandemic fuelled by an elaborate psychological operation designed to create a constant state of panic among the world's population. This agenda has been long planned – its ultimately unsuccessful precursor was the swine flu some 12 years ago – and it was cooked up by a group of super rich psychopathic and sociopathic people who hate and fear people at the same time, have no empathy, and are driven by the desire to gain full control over all of us, the people of the world. They are using our governments and the mainstream media, both of which they literally own, to convey their panic propaganda 24/7.

Two, the virus itself can be treated safely and effectively with vitamin C, D, zinc etc and also with off-label use of ivermectin, hydroxychloroquine etc. But all these, not alternative methods of treatment but, real methods of treatment were banned by those who are using the guise of this plandemic to push their ultimate goal which is to get everyone to receive the, as we will show in this proceeding, not only ineffective but highly dangerous – yes lethal – experimental injections.

Three, the same people who made the swine flu, which ultimately turned out to be a mild flu, into a pandemic 12 years ago – by first changing the definition of what a pandemic is and then, creating panic – created this corona pandemic.

The swine flu was their first real attempt at creating a pandemic. And just as one of its purposes then was to divert our attention from the blatantly fraudulent activities of their financial industry – more aptly to be called a financial mafia which

had become visible through [the Lehman crisis](#) – this is also one of their major purposes of this corona pandemic now.

Had we taken a closer look then, during the Lehman crisis, instead of blindly believing our government's promises that the perpetrators of those financial crimes will be held liable, we would have seen then that they had been looting and plundering our public coffers for decades. And we would have seen that our governments are not our governments anymore, rather, they have been taken over by the other side through their main platform the World Economic Forum which had started to create their own global leaders through their Young Global Leaders program as early as 1992. Two of the first graduates being Angela Merkel and Bill Gates. And we would have understood, already then, what we will show you now through this proceeding – these financial crimes went unchallenged by our politicians because they are aiding and abetting those who commit them and profiting from these crimes.

Four, ultimately however, we will show to you – the jury – that the other side's main purpose is to gain full and complete control over all of us. This involves the finalisation of their looting and plundering by deliberately destroying our small and medium-sized businesses, retail businesses, hotel and restaurants so that platforms such as Amazon can take over.

And this involves population control which, in their view, requires both a massive reduction of the population and manipulating the DNA of the remaining population with the help, for example, of mRNA experimental injections.

But it also requires, in their view, the deliberate destruction of democracy, of the rule of law and of our constitutions through chaos so that ultimately we will agree to losing our national and cultural identities and instead will accept: a one world government – under the UN [United Nations] which is now under the full control of them and their World Economic Forum – a digital passport through which each and every move is monitored and controlled and one digital currency which we will only be able to receive from one world bank, theirs of course.

At the conclusion of the case and after you have heard all the evidence, we are confident that you will recommend indictments against all six putative figurehead defendants: Christian Drosten of Germany; Anthony Fauci of the United States; Tedros of the World Health Organisation; Bill Gates; BlackRock and Pfizer.

Ladies and gentlemen, this case is about a long-planned agenda of a group of ultra-rich people and their financial mafia based in the [City of London](#) and on Wall Street, to use a pseudo-pandemic as the guise behind which – while our attention is on the pandemic – they want to complete their decades-long efforts to gain full and complete control over all of us.

There are numerous platforms on which this group has been meeting and discussing this agenda. But the most important one is that of the World Economic Forum which was invented in 1971 by, a then 33-year-old, Klaus Schwab. Its members are: a thousand global corporations with at least 5 billion US dollars in annual sales; politicians; media representatives; scientists; and, other so-called high-profile personalities. They meet once a year in Davos but there are other such meetings for example, in China.

And since 1992 they have created and presented to us their own group of political leaders for the world. Among the first graduates, as I mentioned before, are Angela Merkel and Bill Gates in 1992. Others are: Sebastian Kurz, up until recently chancellor of Austria; Justin Trudeau, prime minister of Canada; Jacinda Ardern, prime minister of New Zealand; Emmanuel Macron, president of France; and, many, many more.

This group, which is now called the "[Davos Clique](#)," is openly – the publication 'The Great Reset' by Klaus Schwab is one of the most important sources for this information – promoting the shifting of the world's assets to this group of super-rich people so that in 2030 ordinary people "will own nothing and be happy" as it explicitly states there, under their one world government with a digital currency given to us by their one world bank and they're also openly promoting – in close cooperation with people like the putative defendant Bill Gates, the Rockefellers and others – the drastic reduction of the world's population and the manipulation of the remaining population's DNA all the way into transhumanism.

Their most important goal is, however, the controlled, by them of course, implosion of the completely looted financial system and simultaneous introduction of a digital currency issued by one world bank, controlled by them, and, just as important, the introduction of a world government under the UN, which has come under their full control in 2019. For this purpose, they have made concrete plans for this corona pandemic since at least the spring of 2001, operation "[Dark Winter](#)," followed by:

- Another such rehearsal the "[Lockstep](#)" exercise by the Rockefeller foundation in 2010; and finally,
- "[Event 201](#)" in October of 2019 in New York sponsored by the Johns Hopkins Centre for Health Security, the Rockefeller Foundation, the World Economic Forum and the Bill and Melinda Gates Foundation.

Members of the jury, we will call a number of different highly renowned expert witnesses from all walks of science, but also witnesses who will testify to the damage that they suffered as a result of getting the experimental injections, in this trial.

After our opening statements we will start off, in a week from now, by calling:

- a former member of the US military, James Bush, who participated in operation Dark Winter in 2001;
- former members of the British intelligence services Brian Gerrish and Alex Thomson; and
- investigative journalists Whitney Web and Matthew Ehret;
- former World Health Organisation employees and advisors Dr. Sylvia Behrend and Dr. Astrid Stuckelberger.

They will explain to us the historical and geopolitical background of what we are confronted with. And they will show to us how this agenda has been planned for at least 20 years start starting with operation Dark Winter in 2001 and, some 10 years later, the Lockstep Scenario by the Rockefeller Foundation, ending with the dress rehearsal Event 201 in October of 2019. In the end they will explain how, when there were no cases which they needed to declare a public health emergency of international concern, they created them by having defendant Drosten invent the story of asymptomatic infections, which don't exist, and how this PCR test can detect, through mass screening of perfectly healthy people, those who are infected is a lie, as we will show.

We will continue with the next group of witnesses:

- Dr Wolfgang Wodarg, an experienced lung specialist and former member of the German Bundestag and the Council of Europe, who managed to expose the other side's first attempt at a pandemic, the swine flu of 12 years ago, as a mild flu;
- Professor Ulrike Kämmerer, biologist from Würzburg University;
- Dr Mike Yeadon former Vice President of Pfizer;
- Dr Sylvia Behrend; Dr. Astrid Stuckelberger; Professor Dolores Cahill of Dublin University; Professor Antonia Gatti from Italy; Professor Berkholtz from Germany.

These experts will explain to us what is behind the legend of the Wuhan wet market outbreak. They will show that: the virus is no more dangerous than the common flu; the PCR test cannot tell us anything about infections but is the only basis for all anti-corona measures including the ultimate measure the so-called “vaccines”; and, the so-called “vaccines” are not only ineffective but extremely dangerous.

Regardless of the natural or man-made origin of the virus, our immune system is perfectly well capable of dealing with the virus as evidenced by an infection fatality rate of between 0.14 and 0.15, or even less, percent. There was no excess mortality anywhere until the experimental injections started. There were not even any cases in early 2020, however they needed cases in order to declare a public health emergency of international concern as this was the only basis on which it would be possible, according to their own made-up rules which all governments of the member states of the world health organization had agreed to, to use untested new drugs – the experimental injections – on people.

After a first failed attempt at announcing this public health emergency of international concern because there were no cases, they tried again in late January of 2020 – after they had created cases with the help of that now infamous Drosten PCR test – and announced this public health emergency of international concern two weeks later. We will hear from these experts that these cases were almost all false positive test results, nothing else.

The next group of experts are:

- Dr Thomas Binder from Switzerland;
- Dr Bryan Ardis from Texas;
- Dr. Shankara Chetty from South Africa
- Dr Wolfgang Wodarg from Germany; and,
- John O'Looney undertaker from England.

These experts will tell us how right from the start we were witnessing a deliberate, completely senseless banning of normal, effective and safe methods of treatment of respiratory diseases. And instead, a mandate of treatments that must now be considered serious medical malpractice – intubation, remdesivir, midazolam. John O'Looney will explain how he first, believing the other side's allegations about a pandemic, even helped the BBC in pushing their panic propaganda until he realised how under the guise of the pandemic people were intentionally being killed.

We will then call the next group of experts including:

- Professor Alexandra Henrion-Caude from France;
- Dr Mike Yeadon;
- Professor Sucharit Bhakdi from Germany;
- Professor Luc Montagnier from France;
- Dr. Vanessa Schmidt-Kruger from Germany;
- Dr Robert Malone inventor of the mRNA vaccine technique from the US; and,
- Professor Arne Burkhardt pathologist from Germany.

They will show us that: while the virus did not cause any excess mortality it has a survival rate of 99.97 percent; the shots are now killing people and have been causing excess mortality of up to 40, since September, as a result of a poisoning with the spike protein and of shutting off our immune system. Dr. Mike Yeadon will tell us how a group of scientists has even found concrete evidence that the makers of the vaccines are experimenting with lethal dosages to see how the lethal side-effects can be manipulated in such a way that the population will not immediately understand what is happening.

The next group of experts will explain to us how it could have come to this. This group includes:

- Professor Mattias Desmet from Belgium;
- Dr. Ariane Bilheran from France;
- Dr Merideth Miller from the US;
- Professor Harald Walach from Germany; and,
- Stefan Cohen employee of the German Department of the Interior.

These experts will walk us through how the other side, after having established the public health emergency of international concern, in quick succession introduced us to the lockdown, the nonsensical and dangerous mask mandates, and the very harmful, both physically and psychologically, social distancing until they arrived at their ultimate goal – the ineffective and dangerous even lethal injections. And they will explain to us in detail how our acquiescence to all this was made possible through a gigantic psychological operation whose panic message we kept receiving through the mainstream media and our politicians', both owned by the other side, relentless propaganda.

The next group of experts includes:

- Leslie Manukian a former investment banker from the US;
- Naomi Wolfe, journalist and author from the US;
- Ernst Wolff a German economist;
- Professor Christian Kreiss German economist;
- Professor Holger Reichel a German economist; and,
- Marcus Kroll a German economist.

This part of the proceeding will have these experts explain to us in great detail about the intentional destruction of our economies and how the other side is working on a controlled crash of the financial system to both: get away with the crimes that they have already committed over the past decades – looting and plundering our public coffers until there's nothing left – and, to introduce a one world bank and digital currency plus digital passport.

The final group of experts include:

- Matthew Ehret an investigative journalist from Canada;
- Vera Sharav a holocaust survivor;
- Ilana Rachel Daniel from Israel;
- Rabbi Smith from New York;
- Patrick Wood an expert on technocracy from the US;
- Avital Livny from Israel.

This final part of the investigation will have these experts tell us how an important part of the other side's agenda has to do with population control, or rather eugenics. After World War II eugenics had a bad name – Julian Huxley who founded the UNESCO set. But he and the very large group of people who supported the idea of eugenics would soon be able to continue with their efforts in this direction he openly explained. The parallels between what happened then 80 years ago and what is happening now shall not be ignored. Vera Sharav will remind us of this.

After you have heard all the evidence, we have no doubt that you will recommend indictments against all our putative defendants for crimes against humanity.

Thank you.
